

1997 NAICS Codes and Titles

This is a complete list of the NAICS United States codes and their titles. These are included on this CD-ROM for those who need to refer to the full title of any NAICS code. NAICS codes with official [Short Titles](#) are also included in a [downloadable .txt](#) format. The short titles were created for the use of those who find that space limitations preclude the use of the full title for the dissemination of data classified to NAICS. The adoption of the short titles is recommended in all cases when the full title cannot be used. The standard short titles are limited to 45 spaces. There are only three codes that are used by both the United States and Canada where the content of the classes is different. These are as follows:

NAICS United States	323119 Other Commercial Printing
NAICS Canada	323119 Other Printing
